

# IOM-08

## TFT-Monitor 8,4" Openframe Modul

### overview:

- TFT / LCD monitor Openframe Modul
- screen diagonal 8,4"
- Interface RGB analog / DVI
- optional HDMI / DP
- mounting via brackets top / bottom
- longterm availability
- customizations possible

### Description:

The Openframe monitors IOM-08 are specifically designed for use in industrial environments. The monitors can be integrated into existing front panels or control consoles using the mounting brackets. The robust housing allows operation even in the harshest environments in 24-hour continuous use. The standard units feature an external wide-range power supply and an analog VGA / DVI input. On the rear side, the monitor can be mounted using a VESA mount.

### technical data:

#### **overview:**

8,4" industrial TFT / LCD monitor Openframe-Modul for control panels and control desks

#### **Resolution:**

max. 800x600

#### **Brightness:**

min. 350cd/qm

#### **Contrast:**

600:1

#### **Interface:**

VGA DVI, optional HDMI / DP

#### **Adjustments:**

via On Screen Menü

#### **MTBF:**

Backlights min. 35000h

#### **controls:**

Touchscreen (Option)

#### **power supply**

12 VDC via external Power adapter

#### **mechanical dimensions:**

case with brackets: about 216 x 183 x 59mm

#### **material:**

case: steel

#### **environmental conditions:**

operating: 0-50°C

storage 0-65°C

humidity: 10 - 80 % rel. humidity

not condensing

#### **norms:**

EMV: EN55022 EN55024 EN61010-1
